Imagine saying "I do" surrounded by nature's elegance, with expansive lawns ready to be styled for your ceremony, reception, and every special moment in between.

Your big day deserves peace of mind and at Pumbaa, your celebration unfolds in a secure, exclusive environment.

Perfect for private weddings of up to 30 guests, our grounds blend natural beauty, warmth, and serenity that lets you be fully present in the moment.

Intimate Luxury

MEETS NATURE

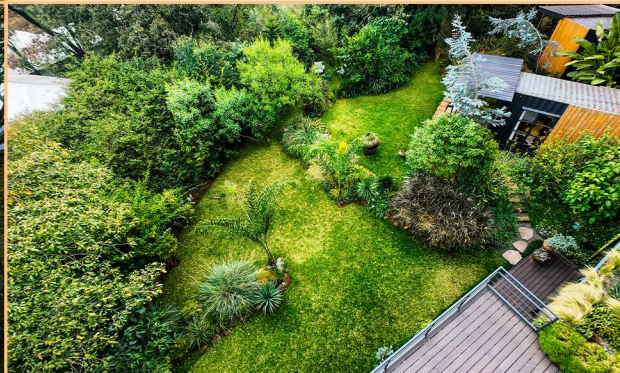

Our beautifully landscaped grounds feature three distinct garden areas that allow you to design a bespoke wedding experience, from pre-wedding preparations and champagne receptions to the ceremony itself, followed by the wedding breakfast.

Set up your floral photo booth, arrange a live music nook for your wedding band or design cosy picnic spots where guests can relax and connect.

Every corner invites possibility ensuring your day unfolds just as you've always imagined.

Exclusive Private Cottages

Thoughtfully designed to blend calm and comfort, our exclusive eco-cottages offer a serene retreat for the wedding party, a space to unwind with your bridesmaids as you get ready, and to relax once the day's magic is done.

Upon request, enjoy overnight accommodation for up to 10 guests, complete with a farm-to-table breakfast the next morning.
